ESIC Extends the New Amnesty Scheme 2025 till 31 December 2026: More Time for Employers and Insured Persons to Resolve Pending Cases

Three-Month Extension Reinforces ESIC's Commitment to Reducing Litigation and Promoting Voluntary Compliance

Post review of representations from various stakeholders, the Employees' State Insurance Corporation (ESIC) has extended the 'New Amnesty Scheme, 2025' which ran from 01.10.2025 to 30.09.2026, for a further period of three months i.e from 01.10.2026 to 31.12.2026, on existing terms and conditions.

The 'New Amnesty Scheme 2025' is a one-time dispute resolution initiative aimed at reducing the backlog of court cases and promoting compliance under the erstwhile ESI Act. The scheme provides a structured mechanism for employers to resolve legal disputes with ESIC for an out-of-court settlement. The scheme allows:

- Settlement of ad-hoc assessments by paying actual contributions and interest—no damages will be levied.
- Withdrawal of cases where employers have already paid dues, subject to payment of 10% of disputed damages.
- Cases filed by ESIC for non-submission of records or delayed payments, which were later complied with, will also be withdrawn with court permission.
- Court cases filed up to 31.03.2025 are eligible under this scheme.

With the extension of this Scheme, eligible employers and Insured Persons will have additional time to avail themselves of the benefits of the Scheme. All concerned stakeholders are encouraged to make use of the extended window before it closes on 31.12.2026. The details of the scheme can be accessed at [https://esic.gov.in/attachments/publicationfile/Amnesty_Flyer_2025_1762755260.pdf]

The 'New Amnesty Scheme, 2025' is a practical and employer-friendly route to dispute resolution and supports the government's broader goal of enhancing ease of doing business while upholding the rights of citizens served by ESIC.

Subject: Timely clearance of Electricity dues of Government Departments.

It has come to the notice of the Finance Department that the electricity dues pertaining to a number of Government offices are not being settled within the stipulated time frame. The delay in timely payment of electricity bills has led to the accumulation of substantial outstanding arrears against several departments and subordinate offices. Such delays not only create unnecessary financial liabilities in the form of late payment surcharges and penalties but also place an avoidable burden on the Government exchequer.

Timely payment of electricity dues is also crucial to ensure the financial stability of power utilities for reliable power supply and to lessen Average Cost of Supply (ACS) - Aggregate Revenue Receipts (ARR) gap. Further, pre Qualification Criteria under the Revamped Distribution Sector Scheme (RDSS), mandates that all Government Departments, Local Bodies, and Autonomous Bodies must make 100% payment of current electricity dues for the year under evaluation.

Accordingly, all Departments are advised to ensure timely payment of electricity dues by instituting an effective mechanism for prompt settlement of electricity bills, thereby preventing accumulation of arrears and avoiding any additional financial burden and all Director Finance(s)/Financial Advisor(s) of respective departments shall ensure strict compliance with these instructions.

In case after reconciliation of outstanding dues with JKPDD,if there is any shortage of funds under the relevant Head of Account, the concerned Departments shall identify savings under different appropriate Detailed Head/Head(s) within the released funds for the current financial year and process cases for re-appropriation in accordance with the prescribed procedure. The department-wise position of funds under Detailed Head 008 - Electricity Charges for the Current Financial Year 2026-27 is placed at Annexure 'A' for reference.

G.S.R.SF.-Whereas, the Government e-Marketplace (GeM) portal has emerged as the National Public Procurement Portal for government users, established to facilitate online, transparent and efficient procurement of goods and services required by various government departments, organizations and public sector undertakings;

And, whereas, the State Government, vide notification number F.2(1)FD/SPFC/2017 dated May 1, 2017, in exercise of the powers conferred by section 58 of the Rajasthan Transparency in Public Procurement Act, 2012 (Act No. 21 of 2012) has already exempted the procurements made through the Government e-Marketplace (GeM) portal from the application of the provisions of the said Act, except for sub-section (1) of section 4, section 11, 17 and 40 of the said Act;

And, whereas, the State Government is satisfied that scaling up digital procurement through GeM minimizes human-to-human interface, optimizes cost efficiency and aligns with modern digital governance standards and that it is expedient in the public interest to mandate the procurement of certain designated items exclusively through the said portal;

Now, therefore, in exercise of the powers conferred by sub-section (2) of section 6 of the Rajasthan Transparency in Public Procurement Act, 2012 (Act No. 21 of 2012), the State Government, being of the opinion that it is expedient in the public interest so to do, hereby mandates the procurement of items mentioned in list given below exclusively through the Government e-Marketplace (GeM) portal.

Ministry of Youth Affairs and Sports

Ministry of Youth Affairs & Sports Constitutes High-Level Committee to Build a Sustainable Sports League Ecosystem in India

In alignment with the vision of Khelo Bharat Niti and Viksit Bharat @2047, the Ministry of Youth Affairs & Sports, Department of Sports has constituted a 14-member Committee to formulate a comprehensive framework for developing a wider, professionally managed, and financially sustainable sports league ecosystem in India. A robust league structure is envisaged to provide regular, high-quality competitive pathways for talent identification and athlete development, while simultaneously driving private investment and generating employment across sports management, broadcasting, technology, events, and allied services.

While several sports leagues in the country have achieved varying levels of success, many disciplines with strong sporting and social potential face commercial viability hurdles during their initial stages. Accordingly, the Committee will assess the present sports league ecosystem to identify the major issues and constraints affecting the establishment and sustainability of leagues, and will identify priority sports and categories, particularly Olympic sports, women's sports, youth sports, indigenous sports, and emerging sports, to recommend suitable operational models tailored to their sporting and commercial potential. To bridge this gap, the Committee will examine mechanisms for structured Government facilitation alongside active participation from the private sector, sports organisations, State Governments, local bodies, and communities. This includes evaluating targeted interventions such as Viability Gap Funding (VGF), direct and indirect financial assistance, and concessional access to Government sports infrastructure.

The Committee has been mandated to assess existing ecosystem constraints, identify priority sports and tailored operational models, and recommend measures to attract corporate capital, franchise ownership, sponsorships, broadcasting and digital rights, and Corporate Social Responsibility (CSR) financing. Additionally, the committee will propose strategies to integrate leagues with schools, colleges, universities, and local clubs to foster grassroots participation among youth and women, alongside establishing an institutional governance framework covering financial transparency, athlete welfare, integrity, and a phased implementation roadmap informed by global best practices.

Advisory on Safe Use of WhatsApp Web by Indian Cyber Crime Coordination Centre

ADVISORY
TAU/ADV/021 | Dated: 18th Nov 2026
MINISTRY OF HOME AFFAIRS
SAFE USE OF WHATSAPP WEB
The National Cybercrime Threat Analytics Unit (NCTAU), Indian Cyber Crime Coordination Centre (I4C), has observed that an authenticated WhatsApp Web session may, under certain circumstances, be misused to gain unauthorized access to a user's WhatsApp account. Such unauthorized access may allow a malicious person to read messages, send messages while impersonating the user, access contacts and group conversations, and misuse the trusted identity of the account holder for fraud, phishing, social engineering or other malicious activities.
Users are therefore advised to exercise caution while using WhatsApp Web, particularly on office computers, shared systems, public computers or devices that may be accessible to other persons.
Precautionary Measures
- Avoid official or sensitive work on WhatsApp Web. Government, organizational, financial, confidential or other sensitive information should preferably not be exchanged through WhatsApp web session on computers.
- Do not keep WhatsApp Web permanently logged in. Avoid leaving an authenticated WhatsApp Web session active when it is not required, particularly on office or shared computers.
- Always log out after each session. Develop a habit of manually logging out from WhatsApp Web after completing your work. Simply closing the browser window or tab should not be treated as logging out.
- Use Incognito/Private Browsing mode when use is unavoidable. If WhatsApp Web must be used temporarily, use Incognito/Private Browsing mode on a trusted computer and manually log out before closing the browser.
- Avoid unknown or public computers. Do not log in to WhatsApp Web from cyber cafes, public kiosks, hotel business centres, borrowed computers or other untrusted systems.
- Be alert to unusual account activity. Unexpected messages sent from your account, unusual replies from contacts or unexplained activity should be treated seriously.
- Keep your device secure. Keep the operating system, browser and security software updated, and avoid suspicious downloads, unknown files, cracked software and untrusted
Indian Cybercrime Coordination Centre (I4C) National Cybercrime Threat Analytics Unit (NCTAU)

- The National Cybercrime Threat Analytics Unit (NCTAU) under I4C has issued an advisory regarding the security risks of using WhatsApp Web. It warns that authenticated sessions can be misused for unauthorized access, fraud, and phishing. Users are advised to:
- Avoid official or sensitive work on WhatsApp Web.
- Never stay permanently logged in.
- Always manually log out after each session.
- Use Incognito mode.
